ABOUT THE GLUTEN FREE FOOD FESTIVAL 2024

The Gluten Free Food Festival, organized by Sapphire Events Ltd, offers a distinctive culinary experience in an exhibition format, showcasing exhibitors for attendees to browse and purchase from. Our debut event in 2022 was a great success, fulfilling a vital need for consumers. In 2023, we relocated the festival to Auckland and collaborated with Coeliac New Zealand, witnessing a significant increase in customer and exhibitor attendance alike. We introduced exciting features such as celebrity chef demonstrations, kids' zone activities, and more.

For our 2024 edition, we are thrilled to announce that we are again working with Coeliac New Zealand (CNZ), our community partner. Coeliac New Zealand understand and support people who have been diagnosed with coeliac disease, their whanau and community. They raise awareness about the condition and provide essential resources and information through their journey. Coeliac disease is a permanent, autoimmune disorder caused by intolerance to gluten, found in wheat, barley, rye and oats. Being gluten free isn't a lifestyle choice for people with coeliac disease - it is the only treatment for the condition. Living gluten free for life is the only way to avoid ongoing serious health problems.

We will be returning to Due Drop Events Centre (this time in the large arena) where we will expand both our indoor space and offerings for exhibitors and attendees.

FESTIVAL DETAILS

Date

18th - 19th October 2024

Time

Friday 5pm – 7pm (exclusive preview session – after set up)

Saturday 10am – 4pm

Location

Due Drop Events Centre (previously Vodafone Events Centre), Manurewa

The Venue

Owned and operated by Waka Pacific Trust on behalf of the community, Due Drop Events Centre is Auckland's most iconic event venue. Located beside the motorway and just 10 minutes from the Auckland International Airport, it is one of the most convenient and ideal locations — close to essential establishments and accommodations yet tucked away to allow guests to remain focused and undistracted during an event. Plenty of parking is available in the event centre for customers and vendors.

The Event

The festival will be held primarily inside, with an outdoor area for food trucks and visitor seating.

Preview Session

The exclusive two-hour preview session on Friday, October 18th will be a chance for visitors to get a sneak peek into your latest innovations and best festival deals! We do ask that you provide exclusive deals that won't necessarily be available on the main festival day. Visitors that come to the preview session are highly likely to be motivated and interested coeliac customers who are ready to buy.

Festival marketplace

We will have a marketplace area in the arena for exhibitors to showcase their fresh produce, products, and more. This area is open to anyone, and is a good way to reduce your costs.

Marketplace exhibitors have 2m by 1.8m of space, enough for one trestle table (byo).

CNZ Hub

The CNZ Hub is a designated space for crossed-grain logo (CGL) accredited exhibitors only. We encourage CNZ's CGL partners to apply to exhibit in this area. As a part of the CNZ Hub you'll ensure access to a motivated audience receptive to your brand's dedication to food safety. Additionally, exhibitors will benefit from targeted brand exposure, positioning themselves as leaders in the field amongst the coeliac community.

GLUTEN FREE FOODS CONSUMER MARKET

An intolerance to gluten is one of the most common food intolerances worldwide, with the 2022 global gluten-free products market size being valued at around \$6.7 billion (USD) and predicted to rise to \$14 billion globally by 2032. The rising prevalence of coeliac disease and other diseases is expected to drive the continued demand. Growing from a niche market to a now well-known mainstream market segment, gluten-free food options are ever increasing and becoming more popular.

With the above information, a festival catering to the gluten-free consumer is filling a much-needed gap in the market. Despite improvements in the availability of gluten-free foods, finding everything all in one place and discovering new gluten free products can still be difficult. The Gluten Free Food Festival has moved into this niche and dedicated is to opening up a world of possibilities where consumers can enjoy knowing that everything available at the festival is suitable to eat!

SO WHY SHOULD YOU JOIN US?

Brand Exposure

The Gluten Free Food Festival fills a needed niche in New Zealand for a dedicated gluten free event, putting your gluten free brand in front of *thousands* of eager customers! Expo style events have been shown to be highly valuable for growing your business and getting your name out there – attract new loyal customers, network with other businesses, and connect with industry buyers.

Return on Investment

Recent festivals saw many vendors make a return of upwards of 700%. With a total exhibitor turnover of \$140,000+ at the 2023 festival, we expect similar returns for this year as customer interest and engagement is high. Gluten free customers come ready to buy – you'll need to come prepared!

Training Opportunities

As part of your application we sponsor your registration to the gluten free food safety training course delivered by Coeliac New Zealand. This growing community of people often experience anxiety when they have no control over the preparation of their food as the consequences of an error is significant. The online training covers all aspects of what is involved in serving safe gluten-free (GF) food from choosing ingredients, storage, food preparation, and cooking right through to serving customers. The **Gluten-Free Food Safety Training Certificate** is designed to help identify the impact that coeliac disease and non-coeliac gluten sensitivity have on individuals and why the food industry is required to manage gluten to ensure everyone who needs to live gluten free for life can do so with confidence. This is a fantastic course where you'll come out with the knowledge to improve your gluten free food manufacturing processes. You'll receive a certificate at completion, which you can display (if you want) to prove your knowledge and thus expand your customer base!

A Fun Day

The festival is gearing up to be an epic extravaganza of taste, options, vibes, and sensations to delight the many exhibitors and visitors that attend!

Invoicing

Upon your acceptance to the festival, an invoice will be sent to you with all payment details.

*Using such a high quality space as the large Due Drop arena comes with significant extra costs for Sapphire Events, not all of which can be absorbed by us. With that in mind we have needed to increase our exhibitor fees in order to continue providing a fantastic event for all involved, however we believe the fees are still incredibly reasonable given the high average revenue of exhibitors in the past two years. We foresee that utilizing the large arena and the space that provides for exciting 'extras' does, however, mean that visitor numbers will increase. You'll need to come prepared!
